

Dear IBM PC User:

Thank you for your interest in CompuCable Corporation's new keyboard and disk drive Dust Cover Set for the IBM Personal Computer. The set is manufactured from durable, high quality, smoked colored crystal styrene. It has been designed to enhance the esthetic lines of the IBM PC and will last for years to come.

The Dust Cover Sets are available from better computer retail stores throughout the United States. Enclosed is a listing of dealers currently stocking the sets. If a dealer is not listed in your area, please complete the mail order form below and send to our direct sales agent:

Microserve, Inc.  
2031 East Cerritos Avenue  
Anaheim, CA 92806  
(714) 535-3701

---
